ABOUT US

Globus Company was established in Kuwait in 2005 for the purpose of Electromechanical Trading and contracting activities.

Globus Co. is headquartered in Kuwait, and also maintains a full service office in **Syria- Lattakia City- G.L.O.B.S. Company.**

A branch in **Hungary- GLOBUS Hungary Kft.**
And another branch in **Egypt-GLOBUS Electric & Energy**

Globus Co. focuses on effective collaboration and good solutions.

MISSION

Globus is one of the engineering, procurement, construction and electromechanical related technical services organization, serving selected industry sectors and geographic markets.

Globus achieves this through the experience of its people by contributing to the success of its clients through value-added services and by continuous investment in the improvement of technical and managerial competence.

Globus company's vision, built on experience and innovation, is to maintain and strengthen its core engineering business, to develop new skills and activities, and to respond to the changing needs of clients and markets.

Maintaining a comprehensive regional marketing network.
Adopting a flexible and open approach towards the needs of our clients by listening to and respecting their views.

Developing a stable client base with significant repeated business.

VISION

Safety Policy & Commitment

The company is convinced that construction can be performed safely when comprehensively planned, competently managed and strongly supervised.

Globus is strongly committed to its comprehensive safety program encompassing office and field personnel. Top management demonstrates their commitment by monitoring progress, implementing improvement and continuously reporting the status of the safety program. Globus company's safety professionals coordinate safety training and program implementation.

It is the policy of Globus to provide and maintain safe and healthy working conditions and to follow operation practices that will safeguard all employees and result in efficient operations.

Executive Quality Policy

Globus company's quality comes as a standard. It extends to all areas beginning with project Management up to the health and safety standards for our employees and client's staff, when in our care. We believe people are a critical part of the process. Commitment to quality is your assurance of reliability.

We are committed to satisfy our customers by meeting their requirements at all stages with the most competitive prices and efficient ways. This is a fundamental aspect to the continued success and growth of our company.

Through our various skills, expertise, competence and efficiency, we will continually seek to improve our processes with the aim to enhance customer satisfaction.
